Yes ma'am. We are using the consideration for services documents. This does help! Thanks!

Yes. All placement decisions are determined by the IEP team. Are you using the consideration of services procedures/process when discussing placement for these students? This tool can guide the discussion. The team should review all current progress monitoring data, FBA, BIP, etc. The review of the data should drive the team's decision when determining the LRE. Hope this helps.
Vickie

Subject: GAA Guidance

Hey!

I know that GNETS providing main center services for students that are served through the GAA has been an issue. My program has a high # of students that are served in these classrooms. Can you give me some guidance in regards to staffing in new students into these types of classrooms? Should I just allow it to be an IEP decision?

Thanks!
